ADNeT EOI form – version 1, February 2021   *Page 1 of 3*

The University of Melbourne, The University of New South Wales, The University of Sydney, QIMR Berghofer, University of Newcastle, Macquarie University, Monash University, University of Tasmania, CSIRO, Edith Cowan University, Flinders University, Austin Health, The University of Queensland, The Florey Institute, NeuRA, SAHMRI.

Please list all contributions, whether cash or in-kind to the project, including amounts sought from ADNeT.	
IP considerations: What is the nature of any IP that the Applicant seeks to develop? Will the Applicant bring any IP of its own or of a third party to any project requiring use of ADNeT data and materials? What potential IP issues are you aware of? (Note: ADNeT requires shared IP benefit from any new project, unless there are specific circumstances that prevent this)	
List any conflict of interest or any other party that may have rights to the research outcomes or any IP created.	
Has the Applicant worked or is the Applicant currently working with any of the ADNeT parties? If yes, provide project and contact person details.	
Is the Applicant employed by or controlled by any of the ADNeT parties?	
At which institutions will ethics and other necessary approvals be required to perform the proposed study, other than the ADNeT parties' institutions?	
Do you intend to access data and/or biological samples from other longitudinal cohort studies (e.g. AIBL, PISA, other) in relation to this project?	

If the applicant is a company, also complete the below:

Identify the Applicant's basic corporate structure: e.g., Private / Public / Joint Venture / Trust.	
Applicant's Annual Turnover in the previous financial year.

Australian Dementia Network

REGISTRY. CLINICS. TRIALS.

The University of Melbourne, The University of New South Wales, The University of Sydney, QIMR Berghofer, University of Newcastle, Macquarie University, Monash University, University of Tasmania, CSIRO, Edith Cowan University, Flinders University, Austin Health, The University of Queensland, The Florey Institute, NeuRA, SAHMRI.

Terms and Conditions

By signing this EOI, the Applicant acknowledges the following Terms and Conditions:

In order to further ADNeT, ADNeT parties reserve the right to seek financial returns or in some circumstances equity in an Applicant's program that uses ADNeT results and materials. The nature of the consideration will be decided on a case by case basis depending on the circumstances of each EOI. The terms of any access to ADNeT study results and materials will be negotiated only after the ADNeT Management Committee has reviewed and approved the Applicant's EOI. This EOI is not intended to be legally binding, and where the Applicant is not an ADNeT party, is subject to execution of a contract formalizing those terms (EOI Agreement or Project Agreement), which will include agreement by the Applicant to observe the Publications Guidelines pertaining to ADNeT.

Signed by the Applicant

_____   _____
Signature of director/duly authorised
representative

_____   _____
Name (print)

Approvals (office use only)

Approved by Management Committee?   YES / NO

Approved by Management Committee   YES / NO
to enter into project involving data/samples
involving other longitudinal cohorts?

Notes
If the Applicant is not an ADNeT party or is collaborating with a party who is not an ADNeT party, this approval is contingent on final legal contracts being entered. If during the course of generating such contracts it is determined that the transaction needs to go through ADNeT's commercial approval process and/or oversight committees, other approvals will be required.
